Chalet Virage
Route des Flaine

Haute Savoie FRANCE

Newly built (2006) chalet sleeping 12 plus owners'/staff accommodation – under an hour from Geneva Airport

Les Carroz is an attractive Alpine village situated within the Grand Massif ski domain (which is the fourth largest in the French Alps) offering 265 km of piste. Les Carroz has the distinct advantage over a significant number of French Alpine resorts in that it is under an hour from Geneva Airport and within 15 minutes of access to the A40 Autoroute at Cluses, which is the main motorway linking Geneva/Anney with Chamonix and the Mont Blanc tunnel. The ski areas which make up the Grand Massif include Flaine, Samoëns, Morillon and Sixt Fer et Cheval.

Les Carroz has seen a significant amount of investment in recent years including a new télécabine, improvements to the lift system and significant development providing new, good quality apartment accommodation by developers such as MGM. Les Carroz has the advantage of

being a year-round resort and, in addition to Alpine skiing in the winter, offers mountain biking, walking and climbing in the summer, together with village facilities including tennis courts, outdoor swimming pool, leisure centre. Popular tourist destinations such as Chamonix, Anney, Evian, Morzine, Les Gets and Avoriaz are all within 40 minutes to an hour of Les Carroz. In the last 5 years there has been a significant increase in British visitors to the village, although it still retains its charm as a typical Alpine village with street market and year-round retail and other facilities.
